This Code of Conduct highlights the values and norms that the VSV 'Leonardo da Vinci' upholds to create a safe and welcoming environment for all its members. The values and norms stated in this document serve as guidelines for all members in how they interact with one another within the association. This includes both physical as well as online behavior.

When becoming a member of the VSV 'Leonardo da Vinci', one will be informed of the Code of Conduct and are expected to adhere to it throughout their membership. Members are encouraged not only to read the Code of Conduct themselves, but also to discuss its contents with one another.

This Code of Conduct applies to all current members of the VSV 'Leonardo da Vinci'. In addition, it applies to everyone present at any activity organized by the VSV 'Leonardo da Vinci'. They will be referred to as members in this document, for ease of reading, even if they are not members currently. No exceptions are made for activities held in collaboration with other organizations or external partners.

This code of conduct is an addition to the [TU Delft Code of Conduct](#), meaning that we expect our members to be familiar with and act in accordance with both.

While this document focuses on the values and behavioral expectations within the association, the consequences of violations and formal procedures are described in the Internal Regulations (*Huishoudelijk Reglement*) of the VSV 'Leonardo da Vinci'.

The Code of Conduct will be kept up to date with what is needed by the members of the VSV 'Leonardo da Vinci'. The board is encouraged to review this document yearly and make changes when deemed necessary.
